JAY & BRANDON DOING A DOUBLE SKATE

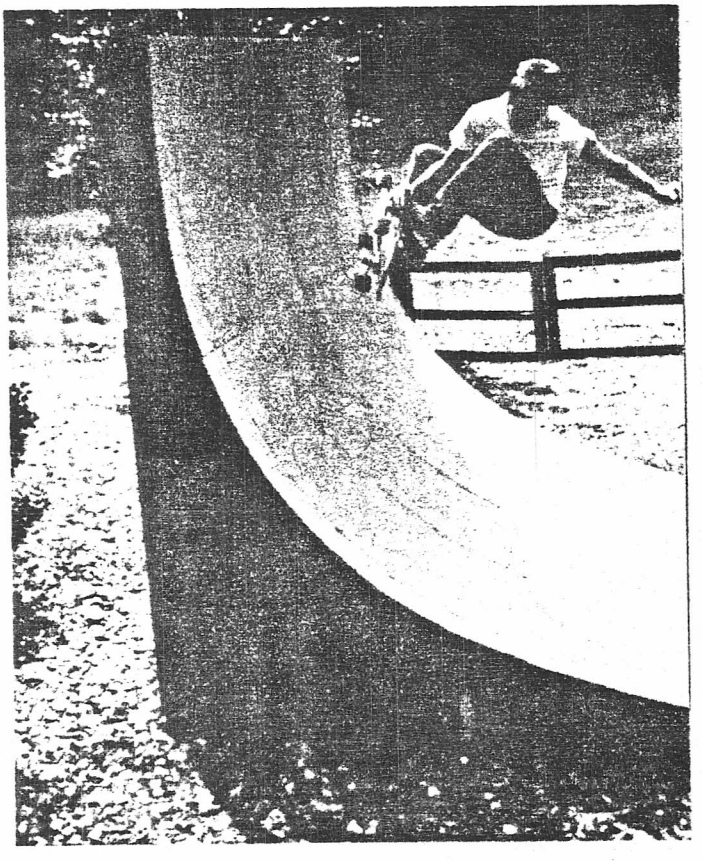

G.V.S.S. (continued)

Grass Valley is a small town about an hour drive away from Sacramento.The skate scene around here is pretty good and there's more people getting into it.The majority of the skaters here,street skate around town.There's about 30 to 40 people that skate in Grass Valley and Nevada City(another shit town).

This issue only has me and two other friends.I haven't got any pictures of the other skaters yet,but I will.Most of the skaters are into punk.

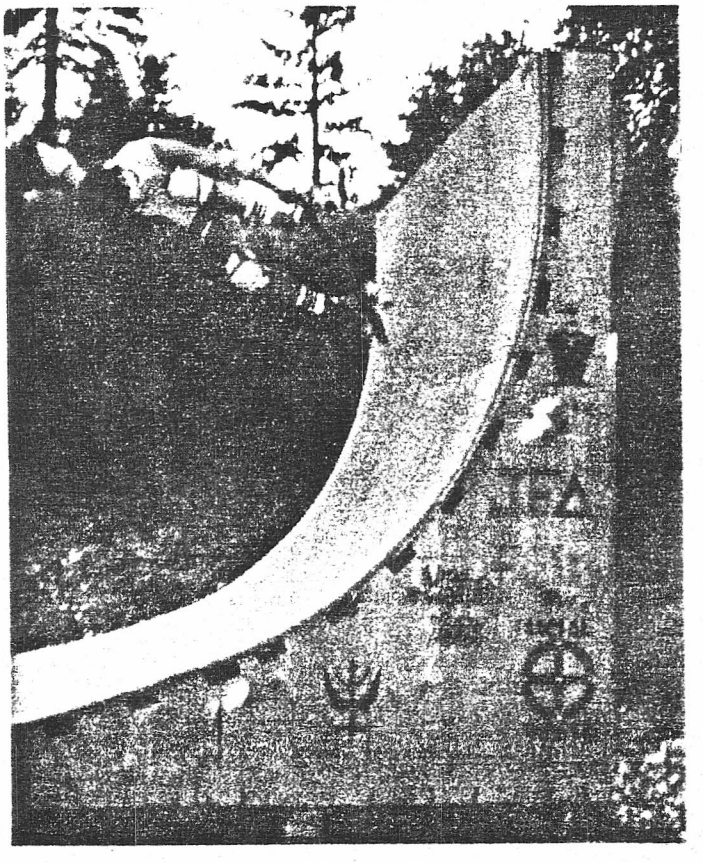

My half- pipe is the only vertical thing around.This half- pipe has some problems,like the kink in one transition. (not that bad).It's also too small.This summer I'm gonna fix it all up.Add roll-in,add more vertical,another platform,re-layer it,and fix the kink.When I get some money???

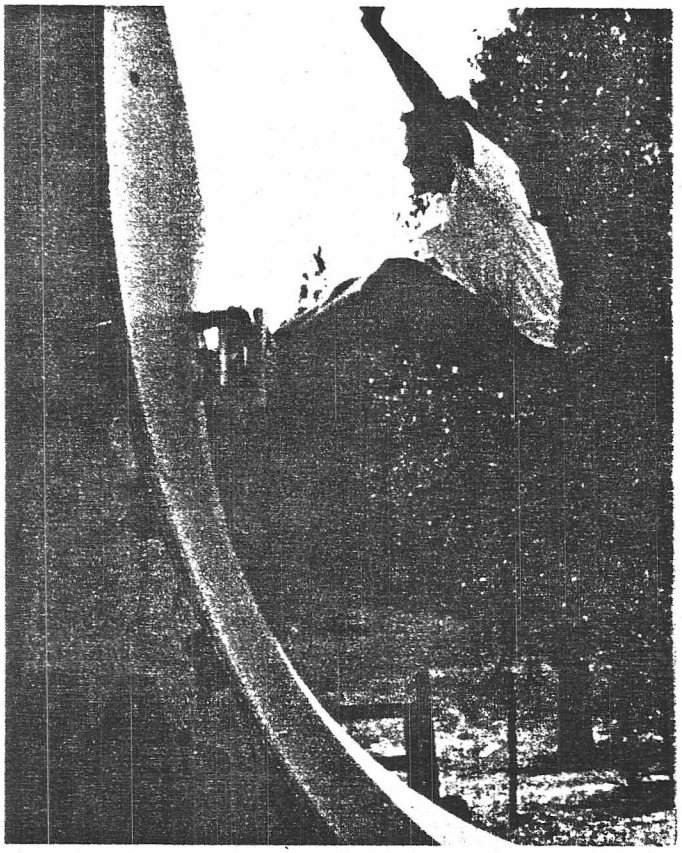

Here's some pictures of us one day....

JAY DOING A BACKSIDE

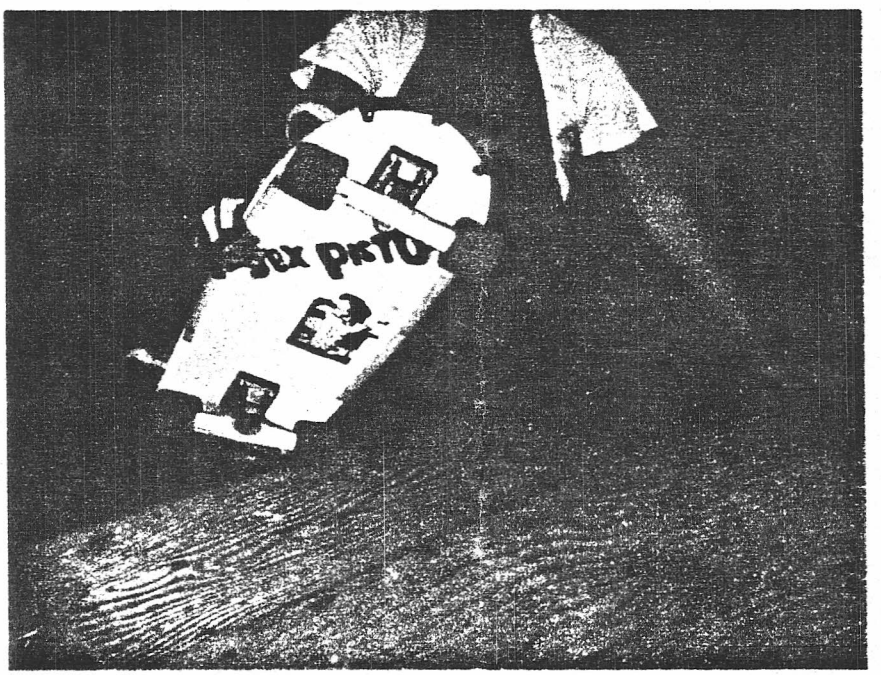

There's another skate place,it's called "The Brothers", a christian home.There's a quarter pipe there.A local punk band, J.I.A.(Justice in America) owned this quarter pipe,actually the drummer owned it,They had to move it(I don't know why)to "The Brothers" and gave it to them.So then they fixed it up.

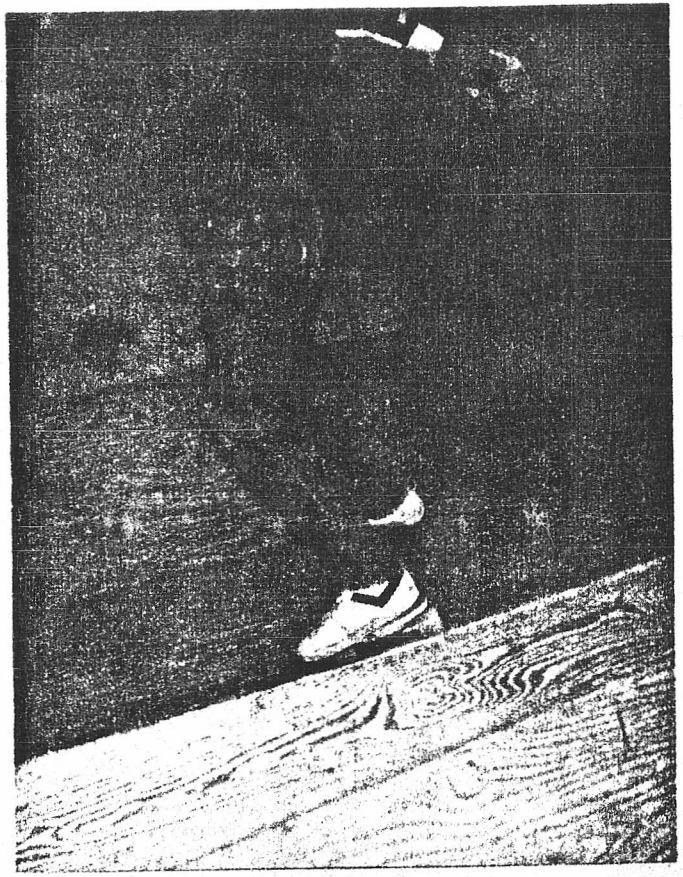

It's about 12FT. wide,4FT. high,has a 4"- 12" platform, no vertical,wood coping,and a smooth transition.It's a cool quarter pipe to do tricks on.
